UNIVERSITY OF MARYLAND

Commencement

MAY 22-24, 2023

Hail! Alma Mater

Hail to thee, Maryland!

Steadfast in loyalty,

For thee, we stand,

Love for the Black & Gold

Deep in our hearts we hold,

Singing thy praise forever,

Throughout the land.

SPRING COMMENCEMENT / MAY 22, 2023

Dear Classes of 2022 and 2023,

Congratulations! The conferral of your degree is a milestone achievement that brings great pride to your family, friends and the entire University of Maryland community.

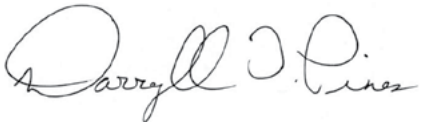
We celebrate this occasion with incredible excitement and enthusiasm. You have demonstrated great perseverance, reached intellectual and personal milestones and made positive contributions to our local community and beyond.

The faculty, staff and administration of the university are confident that you are prepared to move fearlessly forward and continue a path of achieving excellence in everything you do. Now is the time to make your mark in addressing the grand challenges of our time, from public health and racial injustice to climate change and gun violence.

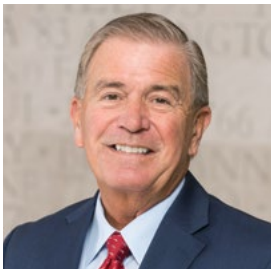
Along the way, take heart in your new family of Terp alums, more than 405,000 strong. We are all connected by our love for this university and our dedication to using our knowledge and experiences to serve the public good.

My very best wishes to you, your family and friends.

Sincerely,



Darryll J. Pines
President, University of Maryland
Glenn L. Martin Professor of Aerospace Engineering



On behalf of the University of Maryland Alumni Association, congratulations on your graduation! I want to welcome you into our community of alums.

You and your graduating class have been put to the test, and you've passed with flying colors. You are now officially a graduate of the University of Maryland, and I want to take the opportunity to make you a promise: Your Alumni Association is going to be here for you, because we are fearlessly committed to your success.

I encourage you to make a commitment to your alma mater by becoming a member of your Alumni Association. By becoming a Terp for life, you will leave your own legacy and show your support for the University of Maryland.

Your Alumni Association and your membership will help you stay in touch with friends you made on campus, prepare you for your career through networking and professional development, and keep you informed about alumni and campus news. You can also take advantage of our newly expanded member benefits, including exclusive virtual learning opportunities and a Member Masterclass series that helps you develop both personally and professionally.

It is my wish that as alums, you will wear our colors proudly and continue to demonstrate to the world the high-quality education Maryland provides. In turn, Maryland will continue to educate the country's brightest students, pursue cutting-edge research, encourage innovation and entrepreneurship, explore the arts and defend our athletics titles. As a student, and now as a graduate, you will always be a Terp and always have a home at Maryland at the Samuel Riggs IV Alumni Center—be sure to visit us when you come back to campus in the years ahead.

Now go forth with the strength of your Maryland degree, and remember that your Alumni Association is here to help you stay active, stay informed, stay connected and stay fearless.

Go Terps!

Jeff Rivest '75
President, University of Maryland Alumni Association Board of Governors

Order of Commencement

Speaker Biographies

COLETTE SMITH
STUDENT SPEAKER

Colette Smith was just 11 days old when passenger jets collided with Manhattan's Twin Towers, the Pentagon and a Pennsylvania field on Sept. 11, 2001—but the events of that day and their aftermath shaped her childhood, curiosity and ultimately, her professional path.

"9/11 and everything that followed were discussed a lot by my parents when I was younger," said Smith. "I think people had different experiences with 9/11 and for some, it wasn't as big of a deal. But it fundamentally impacted the world I grew up in, and I wanted to better understand that."

Graduating with a dual degree in government and politics and psychology, a minor in global terrorism studies and a 3.98 GPA, Smith cultivated an interest in politics and government into a passion at Maryland, buoyed by her experiences in UMD's University Honors program, as a teaching assistant in national security policy and through the Federal Fellows program.

Smith immersed herself in the intricacies of national security, international relations and diplomacy through internships at the National Defense University and the Embassy of Jordan, where she prepared analysis briefs around the Israeli-Palestinian conflict and the U.S. withdrawal from Afghanistan, and also witnessed the efforts of world leaders to secure diplomacy and peace, a source of optimism for Smith in a field often marred by violence.

In 2022, she took a summer internship with Maryland's National Consortium for the Study of Terrorism and Responses to Terrorism (START), where she researched the radicalization of domestic extremists and terrorism activities, including the Jan. 6, 2021, insurrection, and helped map how political extremism had penetrated America. Her attention to detail and drive, said START Junior Data Collection Specialist Alena Akers, prompted leadership to keep Smith on through her senior year.

"It was clear from the outset that Colette had a deep interest in the work we did," said Akers. "We're very proud of her achievements, and, frankly, not at all surprised, as her hardworking and curious nature perfectly aligns with the path she's on."

Smith will spend this summer in Morocco on a Critical Language Scholarship followed by a year in Jerusalem as a Fulbright Scholar. With sights on a career in diplomatic service, she will enroll in the master's program at Georgetown University's School of Foreign Service when she returns to the U.S. in 2024.

ISHA YARDI
UNIVERSITY MEDALIST

Isha Yardi would have been any engineering program's dream student: an impeccable academic record, a resume stacked with STEM camps and a litany of robotics competition wins. But when it came time to declare an intended major in her application to the University of Maryland, the high school senior from Montgomery County, Md., went a different direction.

"Maryland was the only school I applied undecided," she said. "(At) every other university, I intended to study engineering. I think fate just works in strange ways."

Instead, Yardi found her way to public health, where she swapped the programming and mechanics she was immersed in during high school for the "softer" skills she realized she was drawn to: meaningful and intimate work in communities, with a dream to translate clinical discoveries into policy and impact.

As a student in the Honors College's Gemstone program, Yardi sought out research opportunities beyond campus, serving as a city-level health evaluator through the deBeaumont Foundation and on the staff of state Del. Joseline Pena-Melnyk (D-Prince George's). In 2023, she joined the Youth Power Project as a health policy specialist, where she advocates for national and state level policy around mental health.

"I realized that medicine treats the patient individually, but public health and policy is able to address the needs of entire communities," she said. "I think a combination of that is really powerful."

At UMD, Yardi served as director of the Student Government Association's (SGA) Health and Wellness Committee, where she helped launch the pilot of a gender-affirming care initiative and worked with peers and campus leadership to bring student-focused initiatives to bear at UMD. Yardi's proudest achievement is founding the Terrapin Think Tank, a student-led health policy incubator that works closely with the Prince George's County Health Department.

The co-author of 12 published manuscripts and briefs on public health and policy, she was a Colonel Carroll A. Ockert Scholar at Washington University in St. Louis and a scholar with the University of Pennsylvania Perelman School of Medicine's Undergraduate Scholars Program. Yardi received the Spirit of Maryland Award, the School of Public Health Dean's Outstanding Scholar and Phi Beta Kappa Key into Public Service Scholar. She graduates with a 3.994 GPA and a B.S. in public health science.

"Isha is a wonderfully talented and inquisitive student," said Quynh Nguyen, associate professor of epidemiology and biostatistics and director of the Neighborhood Research Lab. "She sincerely seeks to make the world a better place and does so every day."

GAYLE KING '76
COMMENCEMENT SPEAKER

An accomplished television journalist and co-host of "CBS Mornings," Gayle King '76 interviews top newsmakers and delivers original reporting to all CBS News broadcasts and platforms. She is also editor-at-large of Oprah Daily and hosts a live, weekly radio show titled "Gayle King in the House" on SiriusXM.

Since joining CBS News in 2011, King has conducted revealing and newsmaking interviews with world leaders, political figures and celebrities, including former President Barack Obama, former Secretary of State Mike Pompeo, Bruce Springsteen, Dave Chappelle, Dylan Farrow, Chris Rock, Elon Musk, Billie Eilish, R. Kelly, and Michelle Obama and her mother, Marian Robinson, in their first TV interview together. She also conducted the final interviews with U.S. Rep. John Lewis and Cicely Tyson before their passings. In April 2022, King spoke exclusively with music megastar Megan Thee Stallion for her first TV interview addressing the 2020 shooting allegedly involving rapper Tory Lanez. In October 2020, she was the first to speak with Breonna Taylor's boyfriend, Kenneth Walker, about the night Taylor was fatally shot by police in her own home.

She has also handled a number of high-profile assignments, including leading CBS News' on-the-ground coverage from the Texas border to report on the Trump administration's "zero-tolerance" immigration policy. She reported from Newtown, Conn., in the aftermath of the Sandy Hook Elementary School shooting. She co-anchored CBS News' special coverage of several breaking news stories, including the Paris terrorist attacks, the San Bernardino shootings, the Supreme Court's landmark decision to legalize same-sex marriage and the mass shooting at the Pulse nightclub in Orlando. She co-anchored live broadcasts from Cleveland and Philadelphia for the 2016 Republican and Democratic Conventions, from the Smithsonian National Museum of African American History and Culture in Washington, D.C., prior to the museum's opening, as well as moderating CBS News' 2020 Democratic Presidential Debate in Charleston and co-anchoring CBS News' election night 2020 coverage. She also co-anchored CBS News' coverage of the royal wedding of Prince Harry and Meghan Markle.

King has received numerous awards for her extensive work as a journalist, including three Emmys. Most recently, she was honored with the 39th Walter Cronkite Award for Excellence in Journalism from Arizona State University's Walter Cronkite School of Journalism and Mass Communication. In 2018 she was inducted into the Broadcasting & Cable Hall of Fame, and in 2019 she was selected for the Time 100, *Time* magazine's annual list of the hundred most influential people in the world.

The mother of a daughter, Kirby, and a son, Will, she resides in New York City.

Doctoral Degrees

The doctoral degree is the most advanced earned degree conferred by American institutions. There are two distinct types: the practitioner's degree and the research degree. The first type represents advanced training for the practice of various professions, principally doctor of audiology, doctor of medicine, juris doctor, doctor of pharmacy and doctor of veterinary medicine. These degrees do not involve the completion of original research by the student. The University of Maryland, at the professional school in Baltimore, awarded the first two dental degrees on March 9, 1841.

Master's Degrees

The master's degree is an academic honor bestowed upon students who have successfully completed work beyond the baccalaureate. A thesis and an oral examination are usually required. In 1920, the University of Maryland awarded its first Master of Arts and Master of Science degrees in fields other than agriculture.

AUGUST 2022

MASTER OF ARTS

Criminology and Criminal Justice
Kalani Chanel Johnson
Xiaoying Liu
Melissa Anne Manley
Jacob Christopher Scocca
Muxiu Song

Kinesiology
Katherine In-Wha Kim
Lauren Nowosatka
Junbin Yang

Speech-Language Pathology

Bachelor's Degrees

The bachelor's degree represents the completion of a four-year course of college-level study and is the oldest academic degree awarded by American institutions of higher learning. Maryland Agricultural College, which later became the University of Maryland, College Park, awarded its first Bachelor of Arts and Bachelor of Science degrees in 1862.

AUGUST 2022

COLLEGE OF AGRICULTURE AND NATURAL RESOURCES

Special Recognition

SENIOR MARSHALS

The Senior Marshal Program began in 1991 as an opportunity to acknowledge outstanding seniors at their commencement. The students selected to be marshals were nominated by faculty, administration and staff for their outstanding accomplishments and contributions to the University of Maryland. We are proud to recognize these truly remarkable students.

Senior Council
Adele H. Stamp Student Union
University Book Center
University of Maryland Police Department

Extra special thanks go to the Office of the Registrar and the Graduate School.

Heartfelt thanks go to the many volunteers who assist with the campus-wide and individual college and school ceremonies. These efforts are greatly appreciated.

DO GOOD NOW

The University of Maryland is proud to be the nation's first Do Good Campus. As a global leader in advancing social innovation, philanthropy and nonprofit leadership, we remain fiercely committed to our mission of service.

We created the Do Good Institute to serve as the campus hub of social impact and innovation and launched the Do Good Challenge and Do Good Accelerator to scale up the impact of student projects and ventures. We invested in new research on civic engagement and expanded opportunities for students to learn about and practice giving back. And we are just getting started.

As graduates of the university, you are now agents of change and progress. Your experience here has equipped you to do good in your professional and personal lives. You are ready to help build a Do Good world.

For more information, visit dogood.umd.edu.

The May 2023 class roster comprises degree candidates from the graduate and undergraduate programs at the University of Maryland, College Park. As final action cannot always be taken for candidates by the time this program is printed, the list of candidates here is tentative. The university reserves the right to withdraw or add names. Diplomas (for other than doctoral degrees) will be mailed by the Office of the Registrar.
